I will follow-up. We are now out of the wet weather season and it is time for them to start the systematic cleaning of the drains/channels/etc in the system.

Good afternoon, Sarah,

Happy Sunday! Hope you are doing well.

I just wanted to get a quick update if this location was on the list for clean up?

Looking forward to hearing from you.
Much Gratitude,
Delilah Shahbazian

Good evening, Sarah,

Happy Wednesday! Hope this email finds you well.

I have another location that is in need of clean up (storm drainage wise). A constituent reached out to share her concerns of it, and I was able to check the location out myself. The storm drain looks a bit worse than the one before; covered by sand and mud slides.

Location: Right on the corner of La Tuna Canyon & Elben Street. (The constituent's address is (which might help locate the storm drain entering the street) is 9232 Elben Avenue.

If we can get it cleaned, that would be great! Looking forward to hearing from you.
Much Gratitude,
Delilah Shahbazian
